WHAT WE CAN DO

We have over 300 production equipment, including CNC engraving machines, injection molding machines, dispensing machines, oil furnaces, automatic coloring machines, pad printing machines, and other supporting equipment.

With a professional design and development team, we focus mainly on PVC and silicone gift products, while also handling the production of plush toys and badges.

From raw material procurement to design and shipment, every process is supervised by quality control personnel. Furthermore, during the development phase, we conduct testing and analysis using 1:1 samples, ensuring that the quality is reliably guaranteed.
